Gemelli. 1694.

Mounting a Horſeback I return'd to *Mirxaſcon*. By the way on the Lake I kill'd a ſtrange Bird, all white, only a little reddiſh under the Wings; it has long Legs and Feet like a Gooſe; the Beak long and ſlenderer at the top than bottom, the *Portugueſes* call it *Flamengo* or *Flemming*.

Thurſday 16th, at Night I lay in the ſame *Caravanſera*, and *Friday* 17th, betimes got a Horſeback for *Sciras*. By the way I met three Robbers taken by the *Cham* of *Sciras*'s Souldiers at *Mirxaſcon*, for having Robb'd and Murder'd ſeveral Travellers on the Road. They were led with a triangular Yoke about their Necks, like that we put upon Swine; which put me in Mind of that the *Romans* laid on their Slaves that had committed a Fault, which made the Poets call them *Furciferi*. Every one had his right Hand made faſt with a crooked Staff to the thick part of the ſaid Yoke, ſo that there was no getting it looſe. A little further on I ſaw an Engine to draw up Water into the Gardens, quite different from ours; for whereas in ours a Horſe or Mule goes round, there an Ox drew a Rope out right.

Before I conclude this Chapter I muſt ſpeak of *F. Amadeus*. Whilſt we ſtay'd at *Sciras* he would not permit us to be at any Expence, leſt it ſhould be a breach of the Laws of Hoſpitality; but on the other Hand he was ſo frugal, that we did not only want the power of filling our Bellies at his Table, but for the moſt part the *ill* Reliſh of his Dyet was very ungrateful to our Palate. The Fowl that were left at Noon were dreſs'd again at Night, and if they were not eaten by reaſon of their ungrateful Savour, what was taken away Roſted appear'd the next Day Boil'd, and thus the good Father who was a great *Peripatetick* endeavour'd by the means of Fire to reduce the not eatable Subſtance into the form of Straw, from that of a Carkas; and it was ſtill worſe if a Fiſh Day did not follow. To compleat the Entertainment he gave us to drink a ſort of Liquor, which it would have been equally falſe to call either Wine

Gemelli. 1697. *Bilimbines*

Here are alſo *Bilimbines*, which the *Portugueſe* call *Carambolas* (as I obſerv'd in the third Volume) but as in the *Eaſt-Indies* they are ſharp, ſo here they have a mixture of Sharp and Sweet. They are eaten for Sauce Raw, and Prepar'd with Vinegar and Sugar.

The *Macupa*, call'd by the *Portugueſe Giambo*, is bigger than that which grows at *Goa*. There are alſo *Banchilins*, which the *Portugueſes* call *Bilimbines*; *Giaccas*, call'd by the *Spaniards Nancas*, *Tanpayes* by the *Portugueſe* call'd *Giambas-de-Malaca*; *Caſſuis* or *Caguis* and others, which being deſcrib'd in other Places are therefore here purpoſely omitted.

There are alſo *Mangas* of *Siam*, by the *Portugueſe* call'd *Mangas-de-Papagalho*, brought but of late Years; and *Camies*, the Fruit and Tree like the *Portugueſe Carambolas*, but without Kernels, and more ſharp.

Lumboy. All hitherto mention'd are as it were Garden Fruit, but there are other ſorts Wild, not inferior to them in Taſte, if gather'd in Seaſon. The *Lumboy*, by the *Tagalians* call'd *Dobat*, is a Tree all Reſpects like the Pear-Tree; it out a pretty, but ſmall white Blo the Fruit like a Cherry, only lo like an Olive. The *Portugueſes* g the Name of *Giambulon*.

The *Dottoyan* is a ſcarcer Tree, Fruit is in all Reſpects like the *G lon*, Red, and with a Kernel, the of it is White, and the Taſte ſwee ſower.

The *Panunguian* is a very large T producing a Fruit, as big as a Pigeo Egg, with a red Shell, in Shape and Hardneſs like our Pine Apples. Within it there are Kernels, and a tranſparent Fleſh of good Taſte and helping Digeſtion. Others have given this Fruit the Name of *Licias*, for its likeneſs with thoſe of *China*, but they differ from them

The *Carmon* is good Boil'd and ſharpens the Appetite. It is as large as an Apple, and has a Rind like an Onion, and the Fleſh within ſharp and ſwe The Tree is as big as an Apple-Tre *Carmons*

A Voyage round the World by Dr. John Francis Gemelli Careri. *Part* IV.

Containing the moſt Remarkable Things he ſaw in *NEW SPAIN.*

BOOK III.

CHAP. I.

The Author's Journey to the City of the Angels, *and an Account of what is remarkable there.*

Gemelli. 1698. Firſt day's Journy, 7 Leagues.

BEING weary of my long ſtay in *Mexico*, and having taken leave of all my Friends, I ſet out from that City, on *Thurſday*, the 10th of *October*, intending to Imbark aboard the Advice-boat, bound for the *Havana*, in order to Sail from thence for the Canary Iſlands, there being no hopes that the Fleet would Sail in any reaſonable time. After two Leagues riding, I came to *Mexicalſingo*, a little Villa where a River, that comes out of the Lake of *Chalco*, runs out towards the City of *Mexico*, and is very ſerviceable
